

# SAFETY DATA SHEET

According to Regulation (EC) No. 1907/2006 (REACH) Article 31, Annex II as amended.

#### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### **1.1 Product identifier**

Product name: Rivolta F.L.G. 3-1

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Lubricating grease Uses advised against: No uses advised against identified.

#### 1.3 Details of the supplier of the safety data sheet

| Manufacturer / Supplier         | Bremer & Leguil GmbH<br>Am Burgacker 30 - 42<br>47051 Duisburg<br>info@bremer-leguil.de<br>www.bremer-leguil.de |
|---------------------------------|---|
| Telephone:                      | +49 (0)203 / 9923-0   |
| Fax:                            | +49 (0)203 / 25901  |
| <b>Contact Person:</b>          | Bremer & Leguil GmbH - Product Safety Management  |
| E-mail:                         | product-safety-management@bremer-leguil.de  |
| I.4 Emergency telephone number: | +49 (0) 6131 / 19240 (Giftinformationszentrum Mainz)  |

### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

The product has not been classified as hazardous and does not need to be labelled according to regulation (EU) no 1272/2008 (CLP).

| Hazard summary<br>Physical Hazards: | No data available.   |
|-------------------------------------|--|
| 2.2 Label Elements                  | not applicable   |
| 2.3 Other hazards:                  | By handling of chemical products no particular hazard is known when<br>normal precautions (item 7) and personal protective equipment (item 8) are<br>kept. The product may not be released into the environment without control. |

## SECTION 3: Composition/information on ingredients

## 3.2 Mixtures

1

| General information:   | Lubricating grease: Thickener system and additives in synthetic base oil.<br>The components are not hazardous or are below required disclosure limits.   |
|--|--|
| SECTION 4: First aid measures  |  |
| General:   | Change clothes and shoes contaminated or soaked by the product. Never put rags contaminated by the product into clothing pockets.  |
| 4.1 Description of first aid measu   | Ires   |
| Inhalation:  | Supply fresh air; consult doctor in case of symptoms.  |
| Eye contact:   | Promptly wash eyes with plenty of water while lifting the eye lids.  |
| Skin Contact:  | Wash with soap and water.  |
| Ingestion:   | Rinse mouth thoroughly.  |
| 4.2 Most important symptoms<br>and effects, both acute and<br>delayed:               | No data available.   |
| 4.3 Indication of any immediate<br>medical attention and<br>special treatment needed | Get medical attention if symptoms occur.   |
| SECTION 5: Firefighting measures   | 5  |
| 5.1 Extinguishing media  |  |
| Suitable extinguishing<br>media:   | CO2, fire extinguishing powder or fog like water spraying. Extinguish larger fires with alcohol resistant foam or spray water with suitable surfactant added   |
| Unsuitable extinguishing media:  | Water with a full water jet.   |
| 5.2 Special hazards arising<br>from the substance or<br>mixture:                     | During fire, gases hazardous to health may be formed.  |
| 5.3 Advice for firefighters  |  |
| Special fire fighting procedures:  | Move container from fire area if it can be done without risk. Dispose of fire debris and contaminated fire fighting water inaccordance with official regulations. Collect contaminated fire fighting water separately. It must not enter drains. |
| Special protective<br>equipment for fire-fighters:                                   | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.  |

| SECTION 6: Accidental release me   | SECTION 6: Accidental release measures   |  |  |
|--|--|--|--|
| 6.1 Personal precautions,<br>protective equipment and<br>emergency procedures: | In case of spills, beware of slippery floors and surfaces.   |  |  |
| 6.2 Environmental Precautions:   | Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Do not allow to enter drainage system, surface or ground water.  |  |  |
| 6.3 Methods and material for<br>containment and cleaning<br>up:                | Scrape up spillage or absorb with absorbing material. Dispose of the material collected according to regulations. Stop the flow of material, if this is without risk.  |  |  |
| 6.4 Reference to other sections:   | See Section 8 of the SDS for Personal Protective Equipment. See Section 7 for information on safe handling See Section 13 for information on disposal.   |  |  |
| SECTION 7: Handling and storage  | SECTION 7: Handling and storage:   |  |  |
| 7.1 Precautions for safe<br>handling:  | Provide adequate ventilation. Observe good industrial hygiene practices.<br>Do not eat, drink or smoke when working with the product. Take usual<br>precautions when handling mineral oil products or chemical products. |  |  |
| 7.2 Conditions for safe storage,<br>including any<br>incompatibilities:        | Local regulations concerning handling and storage of waterpolluting products have to be followed.  |  |  |
| 7.3 Specific end use(s):   | No data available.   |  |  |
| Storage Class:   | 11, Combustible solids   |  |  |
| SECTION 8: Exposure controls/personal protection                               |  |  |  |

#### **8.1 Control Parameters**

Occupational Exposure Limits

None of the components have assigned exposure limits.

| 8.2 Exposure controls   |   |  |
|---|---|--|
| Appropriate engineering controls:                                     | Provide adequate ventilation. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.                          |  |
| Individual protection measures, such as personal protective equipment |   |  |
| General information:  | Wash hands before breaks and after work. Use personal protective<br>equipment as required. Personal protection equipment should be chosen<br>according to the CEN standards and in discussion with the supplier of the<br>personal protective equipment. The usual precautionary measures should<br>be adhered to inhandling the chemicals or the mineral oil products. |  |
| Eye/face protection:  | Safety glasses (EN 166) recommended during refilling.   |  |

| Skin protection                |   |
|--------------------------------|---|
| Hand Protection:               | Material: Nitrile butyl rubber (NBR).<br>Min. Breakthrough time: >= 480 min   |
|                                | Recommended thickness of the material: >= 0,38 mm   |
|                                | Avoid long-term and repeated skin contact. Suitable gloves can be<br>recommended by the glove supplier. Use skin protection cream for<br>preventive skin protection. Protective gloves, where permitted in acc. to<br>safety directions. The exact break through time has to be found out by the<br>manufacturer of the protective gloves and has to be observed. |
| Other:                         | Do not carry cleaning cloths impregnated with the product in trouser pockets. Wear suitable protective clothing.  |
| <b>Respiratory Protection:</b> | Not relevant, due to the form of the product.   |
| Thermal hazards:               | Not known.  |
| Hygiene measures:              | Always observe good personal hygiene measures, such as washing after<br>handling the material and before eating, drinking, and/or smoking. Routinely<br>wash work clothing to remove contaminants. Discard contaminated<br>footwear that cannot be cleaned.   |
| Environmental Controls:        | No data available.  |
| CTION 9: Physical and chemi    | cal properties  |

# **SECTION 9: Physical and chemical properties**

## 9.1 Information on basic physical and chemical properties

| Appearance                               |                                       |
|--|---------------------------------------|
| Physical state:                          | solid                                 |
| Form:                                    | Paste                                 |
| Color:                                   | White                                 |
| Odor:                                    | Odorless                              |
| Odor Threshold:                          | Not applicable for mixtures           |
| pH:                                      | not applicable                        |
| Melting Point:                           | Not applicable for mixtures           |
| Boiling Point:                           | Value not relevant for classification |
| Flash Point:                             | not applicable                        |
| Evaporation Rate:                        | Not applicable for mixtures           |
| Flammability (solid, gas):               | Value not relevant for classification |
| Flammability Limit - Upper (%)–:         | Not applicable for mixtures           |
| Flammability Limit - Lower (%)–:         | Not applicable for mixtures           |
| Vapor pressure:                          | Not applicable for mixtures           |
| Vapor density (air=1):                   | Not applicable for mixtures           |
| Density:                                 | 0,87 - 0,88 g/cm3 (25 °C)             |
| Solubility(ies)                          |                                       |
| Solubility in Water:                     | Practically Insoluble                 |
| Solubility (other):                      | No data available.                    |
| Partition coefficient (n-octanol/water): | Not applicable for mixtures           |
|  |                                       |

| Autoignition Temperature:  | Value not relevant for classification |
|----------------------------|---------------------------------------|
| Decomposition Temperature: | Value not relevant for classification |
| NLGI:                      | 0                                     |
| Explosive properties:      | Value not relevant for classification |
| Oxidizing properties:      | Value not relevant for classification |
| 9.2 Other information      | No data available.                    |

## SECTION 10: Stability and reactivity

| 10.1 Reactivity:                          | Stable under normal temperature conditions and recommended use.                                 |
|---|---|
| 10.2 Chemical Stability:                  | No data available.  |
| 10.3 Possibility of hazardous reactions:  | None under normal conditions.   |
| 10.4 Conditions to avoid:                 | Keep away from heat, sparks and open flame.   |
| 10.5 Incompatible Materials:              | Strong oxidizing substances. Strong acids. Strong bases.  |
| 10.6 Hazardous Decomposition<br>Products: | Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapors. |

# SECTION 11: Toxicological information

## 11.1 Information on toxicological effects

| Acute toxicity                          |  |
|---|--|
| Oral<br>Product:                        | Not classified for acute toxicity based on available data. |
| Dermal<br>Product:                      | Not classified for acute toxicity based on available data. |
| Inhalation<br>Product:                  | Not classified for acute toxicity based on available data. |
| Skin Corrosion/Irritation:<br>Product:  | Prolonged or repeated contact may cause irritation.        |
| Serious Eye Damage/Eye Irri<br>Product: | tation:  |
|   | Splashes may irritate.                                     |

| Respiratory or Skin Sensitization:                 |   |  |
|--|---|--|
| Product:   | Skin sensitizer: Based on available data, the classification criteria are not met.        |  |
|  | Respiratory sensitizer: Based on available data, the classification criteria are not met. |  |
| Germ Cell Mutagenicity<br>Product:                 | Based on available data, the classification criteria are not met.                         |  |
|  |   |  |
| Carcinogenicity<br>Product:                        | Based on available data, the classification criteria are not met.                         |  |
| Reproductive toxicity                              |   |  |
| Product:   | Based on available data, the classification criteria are not met.                         |  |
| Specific Target Organ Toxicity - Single Exposure   |   |  |
| Product:   | Based on available data, the classification criteria are not met.                         |  |
| Specific Target Organ Toxicity - Repeated Exposure |   |  |
| Product:   | Based on available data, the classification criteria are not met.                         |  |
| Aspiration Hazard<br>Product:                      | Based on available data, the classification criteria are not met.                         |  |
| Other adverse effects:                             | No data available.  |  |

# **SECTION 12: Ecological information**

#### 12.1 Toxicity

| Acute toxicity<br>Product:                 | Based on available data, the classification criteria are not met.             |
|--|---|
| Chronic ToxicityProduct:                   | Based on available data, the classification criteria are not met.             |
| 12.2 Persistence and Degradabili           | ty  |
| Biodegradation<br>Product:                 | Not applicable for mixtures   |
| 12.3 Bioaccumulative potential<br>Product: | Not applicable for mixtures   |
| 12.4 Mobility in soil:<br>Product:         | Not applicable for mixtures   |
| 12.5 Results of PBT and vPvB assessment:   | The product does not contain any substances fulfilling the PBT/vPvB criteria. |
| 12.6 Other adverse effects:                | No data available.  |

| Water Hazard Class<br>(WGK):   | WGK 1: slightly water-endangering. |
|--------------------------------|------------------------------------|
| SECTION 13: Disposal considera | itions                             |

## 13.1 Waste treatment methods

| General information: | Dispose in accordance with all applicable regulations.   |
|----------------------|--|
| Disposal methods:    | Do not empty into drains; dispose of this material and its container in a safe way. When storing used products, ensure that the waste categories and mixing instructions are observed. |
| European Waste Codes |  |

12 01 12\*: spent waxes and fats

## SECTION 14: Transport information

## **SECTION 15: Regulatory information**

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:

## EU Regulations

Regulation (EC) No. 2037/2000 Substances that deplete the ozone layer: none

Regulation (EC) No. 850/2004 on persistent organic pollutants: none

| National Regulations                           |  |  |
|--|--|--|
| Water Hazard Class<br>(WGK):                   | WGK 1: slightly water-endangering.   |  |
| 15.2 Chemical safety<br>assessment:            | No Chemical Safety Assessment has been carried out.  |  |
| <b>SECTION 16: Other informatio</b>            | n  |  |
| Revision Information:                          | Vertical lines in the margin indicate an amendment.  |  |
| Wording of the H-statements in section 2 and 3 |  |  |
| none   |  |  |
| Other information:                             | The classification is in line with current EC lists. It is expanded, however, by information from technical literature and by information furnished by supplier companies. The classification results from the Conventional Method mentioned in regulation EU 1272/2008 (CLP). |  |
| Revision Date:                                 | 30.06.2017   |  |

**Disclaimer:** 

The data contained in this safety data sheet are based on our current knowledge and experience and are given to the best of our knowledge and belief. It characterizes the product only with regard to safety requirements for handling, transport and disposal. The data do not describe the product's properties (tech. product specification). Neither should any agreed property nor the suitability of the product for any specific technical application be deduced from the data contained in this safety data sheet. Modifications on this document are not allowed. The data are not transferable to other products. In the case of mixing the product with other products or in the case of processing, the data in this safety data sheet are not necessarily valid for the new-made material. It is the responsibility of the recipient of the product to observe federal, state and local law. Please contact us to obtain up-to-date safety data sheets.
