**SECTION 4: First aid measures** 

Article No.:	432007	Envolubric PG 46 NWL
Print date:	07.10.2021	Revision date: 01.07.2019
Version:	1.1	Issue date: 18.04.2016

# 4.1. Description of first aid measures

### **General information**

In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness give nothing by mouth, place in recovery position and seek medical advice.

### In case of inhalation

Remove casualty to fresh air and keep warm and at rest. In case of irregular breathing or respiratory arrest provide artificial respiration.

### Following skin contact

Take off immediately all contaminated clothing. After contact with skin, wash immediately with plenty of water and soap. Do not use solvents or thinners.

### After eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical advice immediately.

### **Following ingestion**

If swallowed, rinse mouth with water (only if the person is conscious). Seek medical advice immediately. Keep victim calm.

# 4.2. Most important symptoms and effects, both acute and delayed

- In all cases of doubt, or when symptoms persist, seek medical advice.
- 4.3. Indication of any immediate medical attention and special treatment needed

First Aid, decontamination, treatment of symptoms.

# **SECTION 5: Firefighting measures**

# 5.1. Extinguishing media

# Suitable extinguishing media

alcohol resistant foam, carbon dioxide, Powder, spray mist, (water)

# Unsuitable extinguishing media

strong water jet

# 5.2. Special hazards arising from the substance or mixture

Inhaling hazardous decomposing products can cause serious health damage.

# 5.3. Advice for firefighters

Provide a conveniently located respiratory protective device.Cool closed containers that are near the source of the fire. Do not allow water used to extinguish fire to enter drains, ground or waterways. Move undamaged containers from immediate hazard area if it can be done safely.

# **SECTION 6: Accidental release measures**

### 6.1. Personal precautions, protective equipment and emergency procedures Ventilate affected area.

# 6.2. Environmental precautions

Do not allow to enter into surface water or drains. If the product contaminates lakes, rivers or sewages, inform competent authorities in accordance with local regulations.

6.3. **Methods and material for containment and cleaning up** Isolate leaked material using non-flammable absorption agent (e.g. sand, earth, vermiculit, diatomaceous earth) and collect it for disposal in appropriate containers in accordance with the local regulations (see section 13).

# 6.4. Reference to other sections

See protective measures under point 7 and 8.

# **SECTION 7: Handling and storage**

# 7.1. **Precautions for safe handling**

# Advices on safe handling

Avoid contact with skin, eyes and clothes. When using do not eat, drink or smoke. Personal protection equipment: refer to section 8. Do not empty containers with pressure - no pressure vessel! Always keep in containers that correspond to the material of the original container. Follow the legal protection and safety regulations.

# 7.2. Conditions for safe storage, including any incompatibilities

# Requirements for storage rooms and vessels

Article No.:	432007	Envolubric PG 46 NWL
Print date:	07.10.2021	Revision date: 01.07.2019
Version:	1.1	Issue date: 18.04.2016

Storage in accordance with the Ordinance on Industrial Safety and Health (BetrSiVO). Keep container tightly closed. Do not empty containers with pressure - no pressure vessel! Smoking is forbidden. Access only for authorised persons. Store carefully closed containers upright to prevent any leaks.

# Further information on storage conditions

Store in a well-ventilated and dry room at temperatures between 5 °C and 40 °C. Keep container tightly closed. Smoking is forbidden. Access only for authorised persons. Store carefully closed containers upright to prevent any leaks.

### 7.3. Specific end use(s)

Observe technical data sheet.

# SECTION 8: Exposure controls/personal protection

# 8.1. Control parameters

# Occupational exposure limit values:

not applicable

# 8.2. Exposure controls

Provide good ventilation. This can be achieved with local or room suction.

# Personal protection equipment

# **Respiratory protection**

Do not breathe gas/vapour/aerosol.

# Hand protection

For prolonged or repeated handling the following glove material must be used: NBR (Nitrile rubber), PVC (polyvinyl chloride), CR (polychloroprene, chloroprene rubber). Barrier creams can help protecting exposed skin areas. In no case should they be used after contact.

### Eye/face protection

Wear closely fitting protective glasses in case of splashes.

# Body protection

Wear suitable protective clothing and gloves.

# **Protective measures**

After contact clean skin thoroughly with water and soap or use appropriate cleanser.

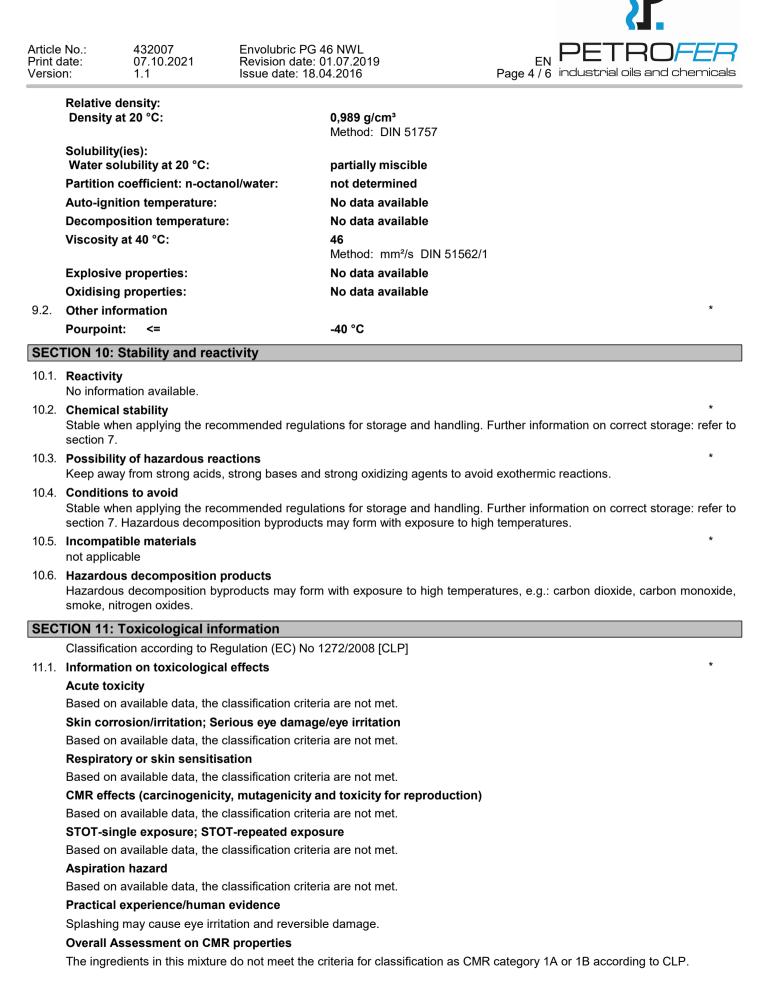

# Environmental exposure controls

Do not allow to enter into surface water or drains. See section 7. No additional measures necessary.

# **SECTION 9: Physical and chemical properties**

# 9.1. Information on basic physical and chemical properties

Appearance: Physical state: Colour:	Liquid light yellow
Odour:	typical
Odour threshold:	No data available
pH at 20 °C:	not applicable / 1,0 weight-% Method: DIN 51369
Melting point/freezing point:	No data available
Initial boiling point and boiling range:	No data available
Flash point:	> <b>260 °C</b> Method: ISO 2592
Evaporation rate:	No data available
flammability Burning time:	No data available
Upper/lower flammability or explosive limits: Lower explosion limit:	0,6 Vol-%
Upper explosion limit:	6,5 Vol-%
Vapour pressure at 20 °C:	No data available
Vapour density:	No data available

Article No.:	432007	Envolubric PG 46 NWL
Print date:	07.10.2021	Revision date: 01.07.2019
Version:	1.1	Issue date: 18.04.2016

# **SECTION 12: Ecological information**

Classification according to Regulation (EC) No 1272/2008 [CLP] Do not allow to enter into surface water or drains.

### 12.1. Toxicity

Based on available data, the classification criteria are not met.

# Long-term Ecotoxicity

Toxicological data are not available.

12.2. **Persistence and degradability** Toxicological data are not available.

# 12.3. Bioaccumulative potential

Toxicological data are not available.

# Bioconcentration factor (BCF)

Toxicological data are not available.

# 12.4. Mobility in soil

Toxicological data are not available.

# 12.5. Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

# 12.6. Other adverse effects

No information available.

# **SECTION 13: Disposal considerations**

### 13.1. Waste treatment methods

# Appropriate disposal / Product

# Recommendation

Do not allow to enter into surface water or drains. This material and its container must be disposed of in a safe way. Waste disposal according to directive 2008/98/EC, covering waste and dangerous waste.

# List of proposed waste codes/waste designations in accordance with EWC

130111\* synthetic hydraulic oils

\*Hazardous waste according to Directive 2008/98/EC (waste framework directive).

# Appropriate disposal / Package

Recommendation

Non-contaminated packages may be recycled. Vessels not properly emptied are special waste.

# **SECTION 14: Transport information**

This mixture is not classified as dangerous according to international transport regulations (ADR/RID, IMDG, ICAO/IATA).

# 14.1. UN number not applicable 14.2. UN proper shipping name not applicable 14.3. Transport hazard class(es) not applicable 14.4. Packing group not applicable 14.5. Environmental hazards not applicable 14.5. Environmental hazards not applicable 14.5. Marine pollutant not applicable

# 14.6. Special precautions for user

Transport always in closed, upright and safe containers. Make sure that persons transporting the product know what to do in case of an accident or leakage.

Advices on safe handling: see parts 6 - 8

# **Further information**

Article No.:	432007	Envolubric PG 46 NWL
Print date:	07.10.2021	Revision date: 01.07.2019
Version:	1.1	lssue date: 18.04.2016

# Land transport (ADR/RID)

tunnel restriction code

# Sea transport (IMDG)

EmS-No.

not applicable

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

not applicable

**SECTION 15: Regulatory information** 

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# EU legislation

# National regulations

# Substance/product listed in the following inventories:

All ingredients are listed in or exempt from the EPA Toxic Substance Control Act (TSCA)

# 15.2. Chemical Safety Assessment

Chemical safety assessments for substances in this mixture were not carried out.

# **SECTION 16: Other information**

# Abbreviations and acronyms

Appreviations and a	Clonyins
ADR	European Agreement concerning the International Carriage of Dangerous Goods by Road
OEL	Occupational Exposure Limit Value
BLV	Biological Limit Value
CAS	Chemical Abstracts Service
CLP	Classification, Labelling and Packaging

RID	Regulations concerning the International Carriage of Dangerous Goods by Rail
UN	United Nations
VOC	Volatile Organic Compounds
vPvB	very persistent and very bioaccumulative

# **Further information**

Classification according to Regulation (EC) No 1272/2008 [CLP]

Without written approval, the product must not be used for purposes different from those mentioned in section 1. It is always the user's duty to take any necessary measures for meeting the requirements laid down by local rules and regulations.

\* Data changed compared with the previous version
